EDWARDS, CHRISTOPHER, DONALD HEATH and PETER HARRIS. The carotid body in emphysema and left ventricular hypertrophy (Plates I and II) 1

DI ROSA, M., J. P. GIROUD and D. A. WILLOUGHBY. Studies of the mediators of the acute inflammatory response induced in rats in different sites by carrageenan and turpentine 15

RÁLIŠ, Z., and MEHROO FORBES. Intra-uterine atrophy and gangrene of the lower extremity of the foetus caused by megacystis due to urethral atresia (Plates III–VI) 31

STUART, A. E., and A. EDNA DAVIDSON. The handling of antigen-antibody complexes and of antigen by human peritoneal cells *in vitro* (Plate VII) 37

BÉDARD, Y. C., P. H. PINKERTON and G. T. SIMON. Ultrastructure of the duodenal mucosa of mice with a hereditary defect in iron absorption (Plates VIII–XIII) 45

SUN, S. C., C. H. LAI, S. T. CHEN and B. T. SCHAEFFER. Evolution of chronic glomerulonephritis induced in mice by ECHO-9 and Coxsackie B_1 viruses (Plates XIV–XVI) 53

RYDER, R. C., M. S. DUNNILL and J. A. ANDERSON. A quantitative study of bronchial mucous gland volume emphysema and smoking in a necropsy population . 59

AIKAT, B. K., and N. S. NIRODI. Angiosarcoma of the heart (Plates XVII–XIX) . 73

No. 2—June

WEDDELL, A. G. M., ELISABETH PALMER and R. J. W. REES. The fate of *Mycobacterium leprae* in CBA mice (Plates XX–XXVI) 77

ARBUCKLE, J. B. R. Enteropathogenic *Escherichia coli* on the intestinal mucopolysaccharide layer of pigs (Plates XXVII and XXVIII) 93

COLLIN, H. BARRY. The fine structure of growing corneal lymphatic vessels (Plates XXIX–XXXVI) 99

CLARKE, J. A., A. J. SALSBURY and D. A. WILLOUGHBY. Some scanning electron-microscope observations on stimulated lymphocytes (Plates XXXVII–XXXIX) 115

HARMAN, JOHN W. Chronic glomerulonephritis and the nephrotic syndrome induced in rats with N,N′-diacetylbenzidine (Plates XL–XLIV) 119

HILL, M. J., and VIVIENNE C. ARIES. Faecal steroid composition and its relationship to cancer of the large bowel 129

BARSON, A. J. Symptomless intradural spinal lipomas in infancy (Plate XLV) . . 141

MEHROTRA, T. N., S. C. GUPTA and Y. P. NAITHANI. Carcino-sarcoma of the gall bladder (Plates XLVI–XLVIII) 145

WATT, J., IRENE GREGORY and P. M. STELL. A simple method for the post-mortem demonstration of squamous metaplasia in the larynx (Plates XLIX and L) . 149

No. 3—July

PAGE

BRYCESON, A. D. M., and J. L. TURK. The effect of prolonged treatment with anti-lymphocyte serum on the course of infections with BCG and *Leishmania enriettii* in the guinea-pig (Plates LI–LVII) 153

BROOKS, STANLEY E. H., and JOHANNA J. AUDRETSCH. The protective effects of feeding on the hepatic ultrastructure of rats treated with hypoglycin (Plates LVIII–LXIII) 167

CHOPRA, J. S., and T. FANNIN. Pathology of diabetic neuropathy (Plate LXIV) . 175

CRUICKSHANK, A. H., and SHEILA M. SPARSHOTT. Malignancy in natural and experimental hepatic cysts: experiments with aflatoxin in rats and the malignant transformation of cysts in human livers (Plates LXV–LXXI) 185

BIRD, C. C., and ALLISON M. CRAWFORD. Effect of 7-hydroxymethyl-12-methyl-benz(a)anthracene on the adrenal gland of the foetal and postnatal rat (Plates LXXII–LXXIV) 191

IOACHIM, HARRY L. The cortisone-induced wasting disease of newborn rats: histopathological and autoradiographic studies (Plate LXXV) 201

KAZZAZ, B. A. Argentaffin and argyrophil cells in the appendix (Plates LXXVI–LXXVIII) 206

PARRY, E. W. Membrane-bounded intranuclear structures in hepatocytes after exposure to sodium tetraphenyl boron (Plates LXXIX and LXXX) 210

LYNCH, P. G. Parietal lobe arteriovenous aneurysm and unilateral facial angioma (Plate LXXXI) 213

RAEBURN, C. A longitudinal cystic duplication of the gall bladder (Plate LXXXII) 216

HOPKINSON, J. M., and C. P. NEWCOMBE. Heart block due to epithelial heteropia (Plate LXXXIII) 218

PROCEEDINGS OF THE SOCIETY . . . . . Pi

No. 4—August

DEDICATION (JOHN WASHINGTON ORR) . . . . . *Frontispiece*

EDWARDS, M. J. The experimental production of *arthrogryposis multiplex congenita* in guinea-pigs by maternal hyperthermia during gestation (Plates LXXXIV–LXXXVII) 221

EDWARDS, C., D. HEATH, P. HARRIS, YOLANDA CASTILLO, H. KRÜGER and J. ARIAS-STELLA. The carotid body in animals at high altitude (Plates LXXXVIII–XCII) 231

HILL, M. J. The effect of some factors on the faecal concentration of acid steroids, neutral steroids and urobilins 239

AZZOPARDI, J. G., and D. J. EVANS. Argentaffin cells in prostatic carcinoma: differentiation from lipofuscin and melanin in prostatic epithelium (Plates XCIII and XCIV) 247

PAGE

KADAR, ANNA, D. L. GARDNER and VALERIE BUSH. The relation between the fine structure of smooth-muscle cells and elastogenesis in the chick-embryo aorta (Plates XCV–C) 253

KADAR, ANNA, D. L. GARDNER and VALERIE BUSH. Susceptibility of the chick-embryo aorta to elastase: an electron-microscope study (Plates CI–CVII) . 261

COALSON, JACQUELINE J., J. J. BELLER and L. J. GREENFIELD. Effects of 100 per cent. oxygen ventilation on pulmonary ultrastructure and mechanics (Plates CVIII–CXIII) 267

MARIANO, M., and VERA C. ARAUJO. Relation between diaphragmatic mast-cell activity and exudate formation in acute experimental pleurisy (Plate CXIV) . 275

CARDELL, B. S., D. A. F. MCGILL and ROGER WILLIAMS. Leiomyosarcoma of inferior vena cava producing Budd-Chiari syndrome (Plates CXV–CXVII) . . 283
